

July 28, 2021

The Saratoga Town Board met at 5:30 pm in the town hall. Acting Chairman Carrell called the meeting to order. Rickaby and McDonald were absent. The meeting was officially noticed on July 22nd, 2021.

Dennis Lawrence and Darryl Landeau from North Central Regional Planning Commission were present to discuss different ways they would be able to help the Town of Saratoga. They currently assist cities, villages, towns, and tribes in the ten counties they cover. Some of the things they assist with are Comprehensive Plan, outdoor recreation plans, economic development plans, grant writing, and road ratings. They could assist Saratoga with an updated Comprehensive Plan and an economic development plan that would cost \$50,000 - \$60,000. They believe they could apply for a grant through EDA program that would cover 50% of the cost. They would need a letter pledging the match amount and an authorization to pursue in order to apply for the grant. It will be placed on the August 4th agenda for possible action- economic development administration technical assistance grant application.

Kretschmer made a motion to adjourn. Leichtnam seconded it. Motion passed unanimously. Meeting adjourned at 6:44 pm.

Heidi Kawleski, Clerk
