

September 1, 2021

The Saratoga Town Board met at 4:45 pm in the town hall. Chairman Rickaby called the meeting to order. All members were present. The meeting was officially noted on August 26, 2021.

Cade Gunnell of iWorQ Systems met with the Town Board by zoom to do a presentation of the program. The basic module will cover signs, pavement, and work management; it would have a one-time setup fee along with a \$3,500 annual recurring fee. When road ratings are done, they absorb the data into the program. There are other modules, including their company coming out to drive the roads to get street views and sewer lines, that can be added at an additional cost.

McDonald made a motion to adjourn. Carrell seconded it. Motion passed unanimously. Meeting adjourned at 5:55 p.m.

Heidi Kawleski, Clerk
